

About – Example 2

## Description

# i am KimChee

## About Us

**Sonaar is a music company founded in 2001 and based in Montreal, Canada. We're an artist management company, a record label, a booking agency, a concert producer and a promotion & publicity agency.**

We also operate two subsidiaries: Sonaar Concerts, an event promoter featuring artists from Montreal and abroad; and Sonaar Promo, an agency which promotes projects not directly linked to Sonaar.
